Weather Forecast.

For North Carolina—Fair Sunday, colder in the interior. Monday fair, fresh to brisk north to northeast winds on the coast.

Looks like Russia had jumped from the frying-pan into the fire.

They call President Roosevelt "The Strenuous" but that is only another name for what the Southerners call a thoroughbred.

"What are the pools in Wall street?" asks an exchange. They are the things which the big fish get into to catch suckers.

All over the South President Roosevelt addressed us as "Fellow Americans," "My Fellow Citizens." This is an acknowledgement that the South is in the Union and puts an end to all doubt about it.

A French critic expresses it as his observation that "few American statesmen know how to walk properly." That perhaps is because they are so accustomed to crawling on real public question.

The director of the census bureau may lock up his cyphering class on the one day that cotton statistics are tabulated but some fellow previous to that day evidently has a pretty fair idea of what the figures will be before he is locked in.

The State and county fairs in the Carolinas are attended by tremendous crowds. The people are well dressed, have plenty of money and seem happy, is the general newspaper report. It all goes to show the prosperity of this part of the South.

It is said that a woman who visits St. Louis is so perfectly beautiful that the street car conductors are so carried away with her that they will ont ask her for her fare and if she tenders it they will not accept it. Street car conductors in North Carolina would go broke if they failed to collect from every North Carolina woman who has that sort of winning ways.

"THE PLAYER MAID."

Grand-niece of Jefferson Davis Coming Next Saturday.

A notable theatrical event will occur at the Academy of Music next Saturday, matinee and night, when Florence Davis will appear in her exceedingly funny comedy "The Player Maid." Miss Davis is on a tour of the South to last until New Year's when she returns to the Hudson Theatre, New York, for an indefinite run. Aside from the theatrical nature, much interest has been aroused in this engagement owing to the fact that Miss Davis is a daughter of the South in fact, as she is a grand-niece of Jefferson Davis. The supporting company is exceptionally strong and includes Eliott Dexter, a young actor whose success has been great enough to cause the envy of every leading man in the theatrical profession.

The Norfolk Landmark of Oct. 18 has the following to say: "Florence Davis made her first appearance in this city at the Academy of Music, last night as Eleanor Hallam in 'The Player Maid' before an audience that thoroughly appreciated both play and company, for both were capital. Miss Davis' protrayal was perfect and her support was all that could be desired. No better play or better actors have been at the Academy for years."

THE TEACHERS' ASSOCIATION.

Interesting Papers By Misses Bernard and Massenburg—Meeting.

The regular monthly meeting of the New Hanover Teachers' Association was held here yesterday morning and it proved one of the most successful ever held. There was a full attendance, every one of the sixteen teachers having been present and having entered heartily into the spirit of the work. Prof. Washington Catlett, president of the Association, was in the chair and Mr. Robert F. Lewis, the secretary, kept a record of the proceedings.

Perhaps the most interesting feature of the meeting was a practical talk on drawing by Miss Mary A. Bernard, the accomplished teacher of drawing in Hemenway school. Miss Bernard's talk was very instructive and entertaining, being illustrated on the blackboard. An effort is being made to introduce drawing in the rural schools and Miss Bernard's address to the teachers yesterday resulted in a revival of interest in the subject, which is bound to accomplish good in the future.

Another interesting feature of the meeting was a well-prepared and instructive paper on "The Requisites of Success in Teaching," by Miss Mariam Massenburg, teacher of the Castle Haynes school. Prof. Catlett closed the discussions with an interesting talk on the best methods of teaching arithmetic. Prof. Catlett's suggestions were practical, helpful and well received.

THE BIG MASONIC BAZAAR.

Committees Are Enthusiastically at Work—Meetings This Week.

Satisfactory progress is being made in all departments of the arrangements for the elaborate Masonic bazaar to be given early in November for the benefit of the elevator fund of the Masonic Temple. The ladies are working industriously and enthusiastically to make a great success of the event and unless all signs are set at naught, the fair will be a season of infinite pleasure and enjoyment for all who attend. During the coming week all the committees will have meetings and a joint gathering for the discussion of general plans will no doubt take place. The members of the Wilmington Lodge booth are called to assemble in the Masonic Temple to-morrow morning at 11 o'clock and others will follow from time to time until every arrangement is complete.

Colored Fireman Hurt.

Si Richardson, of this city, a colored fireman on an A. C. L. work train, was painfully burned about the hands and legs at Florence, S. C., Friday night, by the overturning of a lighted torch which he was handling. He was brought here yesterday and was carried to the A. C. L. Hospital at South Rocky Mount last night. His injuries while painful are not considered dangerous.

PYTHIAN NIGHT DESIGNATED

Grand Chancellor Promulgates Call For Observance of Founding of Order in Wilmington in 1870.

In Official Circular No. 2, from the office of Grand Chancellor Alf. S. Barnard, of the Grand Lodge, Knights of Pythias, officers and members of subordinate lodges throughout the Domain are informed that Tuesday, November 14th, has been set apart as "Pythian Night" for North Carolina at which time lodges all over the jurisdiction are called upon to celebrate the anniversary of the founding of the first lodge in the State, Stonewall No. 1, in Wilmington in 1870. The Grand Chancellor suggests that each lodge throughout the Domain arrange some interesting and instructive programme for that occasion. In towns and cities where there are more than one lodge joint meetings are recommended.

In Wilmington "Pythian Night" this year will have especial significance because the celebration will be not only of the founding of the order in the State but in Wilmington as well. State Deputy Grand Chancellor Nutt, who has returned from a very successful trip in "the field," is in Wilmington and says that Pythians in this city will observe "Pythian Night" very elaborately. To the end that all arrangements may be set on foot all members of the order in Wilmington are asked to meet with Stonewall Lodge Monday night at which time the plans will be gone into in detail.

MARRIED AT CITY HALL.

Negro Couple From Bladen Enjoy a Unique Distinction.

Scenes of various kinds are laid in and around the City Hall, matters of State are passed upon there by deliberative bodies of the municipal government, the price of citizenship is paid in daily at the tax collector's window, and tales of woe and tribulation innumerable are poured out in the police court, but in the recollection of the oldest attache of the city government there has never been witnessed in the big building a marriage ceremony. It remained for a colored couple from Bladen county to break into the routine around the hall yesterday. D. Andrews and Nancy Jane Simpson were their names and they came over from the Court House where they had secured license to wed and gone from office to office over there in a vain effort to get some one with authority willing to tie the matrimonial knot. Just for fun Deputy Clerk of the Superior Court Harriss directed the strangers over to the City Hall and they "fell into" City Clerk and Treasurer Fowler's office. They made known their wishes and Mr. Fowler, being a magistrate and a man of keen sense of humor, soon had the two standing before him and the ceremony performed. Then he brought down the house by requiring the groom to salute the bride and the couple departed in perfect bliss.

Hallow'een Party.

The members of St. Paul's Luther League have decided to celebrate the eve of Hallow'een in a unique and pleasant way. They will tender a party to their friends and the public in the Memorial building on Monday night, from 8 to 11 o'clock. For several weeks preparations have been made and the decorations will be fantastic, the participants in picturesque costumes and a programme will be rendered entitled "The Ghostly Gathering of Sprightly Spooks and Winsome Witches." Light refreshments will be sold in a Hallow'een booth. Altogether the affair will be interesting and befitting the occasion. The League extends a general invitation to all.

Married in Sampson County.

Miss Mary Henri Herring, of Harrell's Store, Sampson county, and Mr. Stewart F. Highsmith, of the A. C. L. general offices in this city, were married on Thursday of the past week, the Rev. Matthew Alderman officiating. The bride is a daughter of Mr. L. A. J. Herring, a leading citizen of Sampson county, and Mr. Highsmith, is a son of Mr. J. F. Highsmith, of the same section. Mr. and Mrs. Highsmith have gone to Washington and other Northern points on a bridal tour and will later come to this city to reside.

FOUGHT AT FUNERAL

Disgraceful Scenes Around Colored Corpse In Northern Section of City Friday

DISTURBER HEAVILY FINED

Half Brother of Deceased Twice Attacked Negro Undertaker Pulling Him Once From Hearse on Way to Cemetery.

In Justice Furlong's court yesterday a story of outrageous conduct at a colored funeral Friday evening was unfolded. William Grady, colored, had died at his home in the vicinity of Ninth and Nixon streets and Alex. Davis, the colored undertaker, was called in to prepare the body for burial and direct the funeral. Grady was a "Prodigal Son," or a secret order of some such name, members of which had assembled for the funeral. Rev. William Henry Rhoe and two other colored ministers were on hand to officiate. The services were in progress when Fred Bryant, a half-brother of the deceased, arrived on the scene and became one of the mourners. He was somewhat intoxicated and had instructed the undertaker to have a carriage in waiting for him when the procession started to the cemetery. The carriage came but the driver had instructions from the liveryman to collect in advance for the vehicle. As the colored undertaker was in the act of screwing the lid of the coffin down upon the face of his relative, Bryant came inside the house and pounced upon the unsuspecting funeral director, beating him up pretty severely in the presence of the dead, the officiating clergy and mourners at the bier. Consternation took possession of the throng for the time being but finally several of the attendants summoned up sufficient courage to eject the obstreperous member of the party, who was in a passion because the undertaker had sent the carriage "collect on delivery."

The funeral procession soon wended its way out to Pine Forest cemetery and all hoped the trouble was over. But not so, Fred Bryant. He secured a buggy from a friend of his, drove out after the funeral procession, caught up with the undertaker and pulled him down off the hearse, administering another beating to him. The trouble again over, the procession went on, the body was buried in the cemetery and the party returned to the city. Davis went at once to Justice Furlong's court, secured warrants for Bryant, charging him with two assaults and disturbing a religious service. The undertaker employed Wm. J. Bellamy, Esq., to prosecute the case and the hearing took place yesterday morning. Bryant had been brought in by Constable Savage and he was very penitent, saying that he was drunk and crazy and ashamed of himself. For each of the assaults the defendant was fined $5 and for disturbing the funeral assemblage, $20, the fines and costs aggregating something over $43, which he arranged to pay. Bryant owns a dray and horse and with the assistance of friends managed to make up enough money to keep out of jail. He will probably think twice before breaking in upon another funeral party or procession in the future.

WEDDING AT WILLARD, N. C.

Miss Mary Powers Bride of Mr. Joseph Hall McGowan.

Special Star Correspondence.

Willard, N. C., Oct. 27.—A remarkably pretty wedding was solemnized on the afternoon of October 25th, exactly at five o'clock in the Baptist church at Willard, N. C., Rev. C. M. Rock, officiating, when Miss Mary Powers was married to Mr. Joseph Hall McGowan. The bride is the daughter of Mr. and Mrs. Hanson Powers of Willard, N. C., and one of the prettiest and most popular young ladies of the community, while the groom is a prosperous young business man of South Washington, N. C.

The church had been beautifully decorated for the occasion with evergreens, potted plants, cut flowers, and candles, under the supervision of Miss Mary Lou Powers, a cousin of the bride.

The bridal party entered by the right aisle of the church to the beautiful strains of Mendelssohn's Wedding March, played by Miss Bettie Southerland, of Wallace. First came Miss Pearl Moore bearing the wedding ring on a silver waiter, and then came the bridesmaids Misses Mary Lou Powers, Isabelle Boyette and Eveline Powers. Next came the ushers Messrs. Robert Powers and M. M. Murray, Henry Boyette and Ernest West. After them came Miss Lulu Powers, maid of honor, who was followed by the bride leaning on the arm of her cousin, Mr. Jno. A. Gavin, Jr., of Kenansville. They were met at the altar by the groom who came in by a side entrance with his brother, Mr Will McGowan.

After the ceremony, the bridal party passed out by the left aisle of the church to Lohengrin's Wedding chorus, and repaired to the home of the bride's father where an elegant supper was served. On the morning of October 26th, the wedding party took the northbound train for Turkey, N. C., the home of the groom's father, Mr. A. D. McGowan, who entertained them royally at a dinner.

The bride wore a gown of white silk with tulle veil, and carried a bouquet of bride's roses and ferns, while the bridesmaids were attired in Point D'esprit dresses and carried bouquets of white carnations. Many elegant presents were received, attesting the popularity of the happy couple.

A stout boy 14 to 15 years old who is willing to work may secure employment by applying at the Star Office. *

THE MUTUAL BENEFIT.

Life Insurance Co., Newark, N. J.

Throughout the long career of this time honored institution (60 years), it has conspicuously and inflexibly stood for life insurance according to the highest ideals of the business. It has always been a policyholders' company, pure and simple, inspired by the single aim of honestly conserving the interests of those who seek life insurance solely for protection that it affords. Speculative provisions, regardless of their alluring character and considerable popularity, have never found a place in its policy contracts. By common consent The Mutual Benefit has always ranked, and ranks to-day, as one of the noblest exponents of simple straightforward life insurance that the country has ever produced.

SAW THE COTTON PICKER AT WORK.

A few days ago the Star had something to say about the invention of machines for picking cotton. What we said was called forth by announcements that the Lowry Cotton Picker had apparently solved the problem, but the point which we emphasized was not that a machine could really be made to take the open cotton from the boll but whether it would do it in such a practical, economical way as to reduce the cost of picking or at least do it equally as cheap as human pickers, thus making up for the shortage of labor if nothing more.

In this connection the Star appreciates a letter from a valued subscriber, Mr. J. A. Ferrell, of Clinton, N. C., who has had long expeirence in producing cotton and as a matter of course is interested in any process that will cheapen the harvesting of the crop. He attended the State fair at Raleigh last week and there saw the Lowry Cotton Picker at work. He writes us:

"I read your editorial on the cotton picker. I was in Raleigh at the fair and made it my business go and see the cotton picker at work. After a long time, it moved off. The cotton had been taken up and replanted in rows in the fair grounds and roped off to keep off spectators. It took five hands to manage the machine, one at each corner to move the arm of the picker to each boll. The cotton appeared to be drawn out by suction and carried through a pipe to the bags. I could not tell how much it would pick in a day but suppose it would pick 1,400 pounds. It was bound to take a good deal of litter and the question was how much the cotton was damaged by the trash that went with the cotton. I saw some seed cotton lying near the machine and my impression is that it was damaged enough to pay hand labor to pick it from the patch. I did not hear a single person say that they thought the machine a success. The cotton picker would take only cotton that was wide open, and if it was damp I do not think it would do the work. I was also impressed that the machine would not do in over-rank, tall cotton, and that if a lock of cotton were sticking close in the boll it would not be picked out. I do not think that cotton with such a great amount of litter as the machine picked cotton contained is fit to make fine yarn."

Here we have a practical opinion and we are sure cotton raisers will read it with interest.

CARRYING CONCEALED WEAPONS.

This has been fair week in Columbia, S. C., and a tremendous crowd has been there enjoying the State fair. Hot blood and a ready pistol, however, brought about a tragedy which has marred an otherwise successful and enjoyable occasion. At the union railway station on Thursday, in the presence of 2,000 people, Wilmer Mitchell, a young man from Leesville, Sumter county, shot and killed his friend, James Trotter, Jr., also from the same place. The young men were pranking, lost their temper, and Mitchell says Trotter slapped his face. Mitchell carried a concealed weapon, and the result is death for his friend and misery for Mitchell all the days of his life.

The Columbia Evening Record makes this strong point in commenting upon this deplorable tragedy:

"Carrying a concealed weapon was responsible for the death of one man in Columbia yesterday. There does not appear to have been any malice leading up to the homicide. The dead man and his slayer were friends. They seem to have been joking or playing with each other. In the course of it one exasperated the other, and on the spur of the moment he whipped out his revolver and shot his companion dead. His future life is blighted by that act, and sorrow and mourning are brought into innocent households. If but a thought had been taken the deed would not have been done. Even anger for the moment would have quickly passed away, or if not, then no more serious result than a fisticuff would have resulted. But the concealed weapon was at hand and its deadly work was done."

Carrying a concealed weapon is a misdemeanor under the law but it is really a crime. Mitchell violated the laws of his State in carrying that concealed weapon and while his State has to add one more to the list of homicides in 1905, he has done more hurt to himself, his family, and to his victim and his family than to the State. Carrying a concealed weapon is a crime against one's self.

THE NEW YORK CONTEST.

The New York municipal election occurs next Tuesday week, and the three cornered fight is attracting wide attention. The one feature of the past week is the strengthening of the Republican ticket by the addition of William Travers Jerome as district attorney, in stead of the regular nominee who resigned with the recommendation that District Attorney Jerome be put in his place. This improves the chances of Wm. M. Ivins, the Republican nominee for Mayor, yet there seems to be little doubt of the re-election of Mayor Geo. B. McClellan, the Democratic nominee. Mr. James W. Osborne, a native of Charlotte, is on the ticket with McClellan, as the nominee for district attorney. One strong element in McClellan's behalf is a very strong endorsement by former President Cleveland who wrote him a vigorous letter a few days ago.

Editor Hearst and his municipal ownership ticket, it is conceded, will stand no showing but may take away some Democratic votes.

CURRENT COMMENT.

—The difference between a fakir and a financier is in the size of the game they work.—Durham Herald.

—As the two gentlemen implicated in the Raleigh killing are supposed to have few influential friends and no great amount of money, there is no telling what may happen to them.—Durham Herald.

—The cruisers Pennsylvania, Colorado and West Virginia will race from Pensacola to Norfolk. President Roosevelt will be on the West Virginia. We bet the West Virginia wins.—Charleston Post.

—With cotton selling at 10 cents and the country in a generally prosperous condition, it seems strange that none of the big circuses made a trip to this section of the country this Fall. If such omission is due to the show trust, somebody should bring proceedings against it under the Sherman anti-trust law.—Charlotte Observer.

—The Raleigh dispensary on last Wednesday and Thursday took in over $4.000 for liquor and beer, notwithstanding that the dispensary closed on Thursday noon for the day. There may be some temperance in the above figures, but it would take a Philadelphia lawyer to ferret it out.—Raleigh Caucasian.

—The book in memory of I. E. Avery will be on the local market by December 1st. Mr. George Stephens has already returned corrected proofs of the matter and there will be no delay in the completion of this volume. The book is composed of Mr. Avery's most attractive writings, all of which could not be used. The public has waited eagerly for its appearance. The books, which sell for $2.00, are attractively gotten up with an idea of giving value received to the purchasers.—Charlotte Chronicle.

—Dr. Fissick—Well, yes; I suppose you should take some mild tonic. Guzzle (eagerly)—How about beer? Dr. Fissick—Oh, no; that's Teutonic.—Philadelphia Press.

—"When I was a child I spake as a child," quoted the moralizer. "Me, too," rejoined the demoralizer; "and I generally got well spanked for doing it."—Chicago News.

—"My daughter," remarked Mrs. Nexdoor, "has developed a perfect passion for music." "Yes," returned Mrs. Peppery. "I'll warrant it isn't as strong as the passion your daughter arouses in my husband."—Philadelphia Press.

—Caller—I have dropped in, at the request of Mr. Kammerer, a friend of yours and of mine, to ask you—— Eminent Statesman—Kamerer? He's no friend of mine! He takes snap shots of me when I'm making public speeches, and prints them in the papers—rot him!—Chicago Tribune.

"Please Smile AND Look Pleasant."

When a woman says "I am racked with pain," the word "racked" recalls the days when they stretched the tender bodies of women on the rack with rope and pulley until the very joints cracked.

Fancy an attendant saying to the tortured woman, "Please smile and look pleasant."

And yet the woman "racked with pain," is expected to smile through her agony and to make home happy. She can't do it. It is against Nature. Generally speaking, the racking pains of ill-health such as headache, backache and "bearing-down pains" are related to derangements or disorders of the organs distinctly feminine. When this condition is removed the general health is restored, and with health comes back the smile of happiness.

Any woman may regain her health at home without offensive questionings or examinations by the use of Dr. Pierce's Favorite Prescription. Sick women may consult Dr. Pierce, by letter, free of charge. Such letters are treated as sacredly confidential.

"It affords me pleasure to relate the wonderful merits of your great medicines, especially your 'Favorite Prescription,'" writes Mr. J. Wesley Rhine, of Woodbury, N. Jersey, L. Box 282. "My wife has been using it for some time past, having suffered severely with bearing-down pains, aching in back, and many other complaints peculiar to women. She was very weak, could not do any heavy work or washing but can do all kinds of work now. She is soon to become a mother but we do not fear the result (as heretofore), all due to your wonder-worker, 'Favorite Prescription.'"

"Your 'Pleasant Pellets' are also worth many times their price. I have used them for biliousness and stomach trouble, and have found them to be all that you claim. They are my constant companions—once used, always kept."

Given away. The People's Common Sense Medical Adviser is sent free on receipt of stamps to pay expense of mailing only. The book contains 1008 pages, over 700 illustrations and several colored plates. Send 21 one-cent stamps for the paper-bound book, or 31 stamps for the cloth bound. Address Dr. R. V. Pierce, Buffalo, N. Y.

HAPPY RESULTS.

Have Made Many Wilmington Residents Enthusiastic.

No wonder scores of Wilmington citizens grow enthusiastic. It is enough izens grow enthusiastic. It is enough to make anyone happy to find relief after like the following are but truthful representations of the daily work done in Wilmington by Doan's Kidney Pills:

J. E. Bloodworth, residing at 30 South Front stret and employed at 123 Princess street, says: "I used Doan's Kidney Pills and they have proven to be a very valuable remedy and I believe I am safe in recommending them. My back and kidneys have given me great trouble. I thought I had rheumatism. I had shooting pains through my back and sides which often made me yell right out. If I stood, sat or lay down or kept in any one position for any length of time it was almost impossible for me to move on account of the great pain. I heard some one speak of Doan's Kidney Pills. and I sent down to Bellamy's drug store and got a box. They completely removed the pains. They are without doubt, a valuable remedy for backache."

NEWBRO'S HERPICIDE.

The Original Remedy That "Kills the Dandruff Germ."

The Hunters Came Too Late.

Their Faithful Dog Has Pointed Out the True Remedy to Prevent Baldness But the Hunters Came Too Late. Chronic Baldness Incurable.

HERPICIDE A "HAIR-SAVER."

Newbro's Herpicide saves the hair by destroying the germ or microbe that is now known to be the cause of dandruff, falling hair and baldness. In chronic baldness the hair follicles are completely atrophied, causing the scalp to shrink and shine; little can be done in such cases except to save the remaining "fringe" and this is well worth saving, for it offers some protection against the cold.

The "Hair Grower" is a fallacy. It requires but a slight knowledge of Anatomy to know that the hair gets its life and strength from the hair-papilla at the bottom of the hair follicle, and the papilla in turn gets its nourishment direct from the blood; therefore nature is the only true hair grower. There are enemies of hair growth that cause hair loss and baldness. Invisible microbe growths enter the sebaceous glands, situated at the top of the hair follicles (Dr. Sabouraud, of Paris, says the microbe usually enters the scalp in youth), where one colony after another is established, until finally, after months and sometimes years, there is dandruff, itching scalp and falling hair. The Sebum also solidifies, causing dry, lustreless and brittle hair. Destroy this microbic growth with Newbro's Herpicide and protect the hair against re-infection, and it will grow as nature intended.

Newbro's Herpicide is a Twentieth Century Remedy. Its mission is to teach new rules for scalp cleanliness, new rules for hair preservation and to supply a germ-destroying solution that will enable careful persons to have beautiful and luxuriant hair. Almost marvelous results follow the use of Herpicide, and if it does not do more than we claim for it, your dealer will refund your purchase price. As a hair dressing it is truly exquisite, on account of its dainty and refreshing odor, which is characteristic. It contains no oil, grease or sedimentary substance, neither does it stain nor dye the hair.

Stops itching of the scalp almost instantly.

WHAT A PROMINENT PHYSICIAN SAYS:

I have used Herpicide with marked success in scalp afflictions and in Pruritis. In my hands it has proven to be just what you claim for it.

C. H. SEXTON, M. D.

Dunn, N. C.

A NEWSPAPER MAN OF RALEIGH SAYS:

I have used Herpicide with much benefit to myself. It is a splendid hair and scalp remedy.

THE POWER OF STEAM.

Many May See But It Takes Genius to Realize.

When James Watt saw the steam causing the kettle lid to jump up and down he said "There must be power in that steam that it can lift such a weight."

There was.

Millions prior to him had seen the same phenomenon and regarded it as an unexplained mystery.

Recent scientific research has put its finger on the "cause" of Dandruff, Falling Hair, and consequent Baldness, and has unearthed a tiny germ which eats the life from the roots of human hair.

Newbro's Herpicide destroys this germ and consequently restores the hair to its natural state.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

SPIRITS TURPENTINE.

—A charter has been granted the Salisbury Transfer Company, with a capital stock of $20.000.

—The Atlantic & North Carolina Company is preparing to erect a new passenger station in Kinston. The new station will be located near the present one. The building will be modern and is estimated to cost about $6,000.

—Boone Dew Drop: "About three years ago a lady came into Watauga to teach school. One of the students, a large, unruly boy gave her great trouble. The boy's parents prosecuted the teacher and took the boy's part. The boy is now in Boone jail for a serious crime."

—Winston-Salem Sentinel: Now that the Industrial News has been running for two or three weeks the question naturally arises, What of the Tar Heel, Spencer Blackburn's paper? A local Republican expresses the opinion that the first issue will appear next week or the week afterward and he ought to be in a position to know.

—Governor Glenn has appointed as his private secretary Mr. Archibald H. Arrington, who for nearly two years has been teller of the State treasury. Arrington is a son of the late Ex-Sheriff John P. Arrington, of Nash county, a special friend of Governor Glenn, who says by the appointment he honors the memory of his friend.

—The latest addition to the manufacturing interests at High Point is the High Point Hub and Handle Company, organized Friday by Messrs. D. O. Cecil and T. Y. Hamilton, making the seventh factory organized there in thirty days and the second one during the week. The company will manufacture handles for forks, rakes, hoes, shovels, and hubs from elm, oak and birch.

—On last Friday morning fire originated accidentally in the tobacco prizery in North Kinston belonging to Mr. J. W. Dixon, and spread across the street to the Hamlen Tobacco Company's factory, which it consumed, together with the machinery stock and furniture. The total amount of damage is estimated at $15,000 with insurance amounting to about $8,000 on the property burned.

—News reached Durham Friday night, that Governor Glenn had given out a statement in Raleigh to the effect that he had written the sheriff of Durham county regarding the manner in which the cell of W. R. Murray, who is serving a two years' sentence for killing his uncle, is being fixed up, and stating that the Governor said Murray would have to fare just as all other and the poorest of prisoners fare. The sheriff says Murray is treated like all other prisoners.

—A Goldsboro dispatch on Friday says: News reached this city to-day that a number of revenue officers located a blockade still about twelve miles from Mount Olive, this county, yesterday, and raided it. As soon as the officers appeared upon the scene a number of men at the still opened fire on them and the officers returned the fire with Winchester rifles, instantly killing Walston Jernigan, the owner of the land on which the still was located. The rest of the party made their escape, but some of them were injured, for they left a trail of blood behind. None of the officers were injured and they destroyed the still, which was of a capacity of 20 gallons.

FARMER KILLS TWO MEN AND WOUNDS TWO OTHERS

Man Hid in Bank Vault and Exchanged Scores of Shots With Officers and Citizens.

By Wire to the Morning Star.

Cheona, Ill., Oct. 28.—William Leduc, a farmer, enraged over domestic affairs, to-day shot and killed Mayor Charles Nickel, his brother-in-law, in the Bank of Chenoa, and Hugh Jones, a brickmason, slightly wounded two pedestrians, and dragging Jones' body into the bank vault, partly closed the door and defied arrest for many hours against officers and citizens with whom he exchanged scores of shots.

Leduc, well armed, came in from his farm this afternoon, walked into the bank and without warning shot Nickel, who is cashier of the bank as well as mayor, dead. Hugh Jones, Cashier Nickel's son, and another boy were in the bank. The boys escaped through a back door. Jones attemped to grapple with Leduc, and was shot. Two men passed along the street and Leduc, apparently feeling that they might attempt to capture him, shot them, one in the head, the other in the hands, but their wounds are not serious.

An immense crowd, armed, gathered in the bank in an attempt to capture the slayer, but Leduc within the vault with Jones' body, would allow no one to come within range of his weapon. Leduc told officers that Jones was dead.

Ammonia and chloroform were used plentifully in an attempt to overcome Leduc, but the partly open door admitted enough air to thwart the effort of the drugs.

Sheriff Edwards and deputies arrived later, but Leduc who is well supplied with ammunition withstood the attack of the officers.

Late to-night Leduc surrendered to the Sheriff, and the dead body of Jones was removed to a morgue.

CAROLINAS WERE DEFEATED.

Virginia Polytechnics Won Foot Ball Game by Score of 35 to 6.

By Wire to The Morning Star

Richmond, Va., Oct. 28.—Before a crowd of about 4,500 hundred people, the Virginia Polytechnic Institute football team decisively defeated the University of North Carolina here this afternoon. The weather was good and a desperate style of play on the part of the combatants soon awoke the enthusiasm of the spectators. Carolina was outclassed, but developed surprising strength in defence.

Carpenter, the star player and right half for the cadets, made some wonderful runs, that evoked great applause. A number of the players on both sides were knocked out and one of the Tar Heels was put out for alleged slugging. The score was 35 to 6. The referee of the game was Mr. Williams, of the University of Virginia; the umpire, Dr. Whitehurst, of the University of Maryland; the head lineman, B. F. Finnegan, of the University of Georgia.

Statue to His Secretary of Agriculture Unveiled.

By Wire to The Morning Star.

Nebraska City, Neb., Oct. 28.—In the presence of 5,000 persons with elaborate ceremony a statue of J. Sterling Morton, Secretary of Agriculture in the last Cleveland cabinet, and founder of Arbor Day, was unveiled at Morton Park this afternoon. Among those present were former President Grover Cleveland, former Vice President Adlai Stevenson, Governor Mickey, Hilary A. Herbert, David R. Francis and others associated with Mr. Morton during his term of office. Sterling Morton, a grandson of the Secretary, drew aside the curtain which exposed the statue to view. There were six addresses, principal of which was that of Mr. Cleveland, which was a touching eulogy of his former cabinet officer and personal friend. Other addresses were by Governor Mickey, who welcomed the visitors; Hilary A. Herbert, David R. Francis, Mrs. Stevenson and Dr. George L. Miller, the latter of Omaha.

THE CONTEST IN NEW YORK.

Republicans In Dilemma Over Jerome's Nomination.

By Wire to The Morning Star.

New York, Oct. 28.—That there will be no opposition by the Democratic party to the placing of the name of William Travers Jerome on the official Republican ballot is practically assured. The certificate of the action of the reconvened Republican county convention in substituting the name of Mr. Jerome for that of former Judge Flammer was filed with the board of election today. The board will pass upon the question of the validity of the action as soon as possible. What course the board will take is uncertain and the question may have to be determined by the courts. In the event of the board's deciding in favor of the Republican contention that the name of the district attorney's may legally appear on the ballot, it was intimated today that the Democratic party might find in this ground for a protest against the validity of Mr. Jerome's election should he be elected.

WIRELESS NEWS FROM PRESIDENT

In Touch With Navy Yard Station at Washington Early Yesterday

MESSAGE CAUGHT 1100 MILES

Mrs. Roosevelt Sends Wireless Congratulations—Honors for President on Cruiser West Virginia—Cruiser Reached Key West.

By wire to The Morning Star

Off South Pass, Mississippi River, Oct. 28., via Key West, Oct. 28.—At 9:30 A. M. Friday President Roosevelt, accompanied by Surgeon-General Rixey of the Navy, and Secretary Loeb, came on board the United States steamship West Virginia from the lighthouse tender Ivy. He was received at the gangway by Admiral Brownson, Captain Arnold and the Admiral's personal staff. All the officers were assembled on the quarter deck in special full dress uniform. The crew manned the rail and the marine guard and band were paraded. When the President ascended the quarter deck officers and men saluted, the marine guard presented arms, the drums and bugles gave four ruffles and flourishes, the band played the Star Spangled Banner, the Admiral's flag was hauled down and the President's broken at the main, and a National salute of 21 guns was fired.

The West Virginia immediately got underway for Chesapeake Bay. Off Key West she was joined by the Pennsylvania and Colorado, the other two vessels of the squadron. The speed to be maintained is 18 knots and it will be the first time in the history of this country that any squadron has cruised at such a speed for a long distance.

At 3 P. M. the crew was mustered at quarters and the President accompanied by the Admiral, inspected the ship. The West Virginia is in excellent condition and the President was especially pleased with the cleanness and neatness of her crew. The President is in excellent health and having a smooth and pleasant trip.

Mrs. Roosevelt's Congratulations.

Washington, Oct. 28.—As soon as the West Virginia got in touch with the wireless station at Key West today, the first message to be transmitted from the shore to the big cruiser was a personal one from Mrs. Roosevelt to the President, congratulating him on the anniversary of his 47th birthday. This message was sent last night from the Navy Department to Key West, with instructions to deliver to the President at the first opportunity.

Wireless Message 1,100 Miles.

Washington, Oct. 28.—The wireless telegraph station at the Washington Navy Yard was in communication with the armored cruiser West Virginia, on which President Roosevelt is a passenger from 2:07 until 5:15 o'clock this morning. The message picked up in transmission was passing from the West Virginia to the armored cruiser Colorado, which, with the Pennsylvania, is to accompany the first named vessel up the coast, and stated that the West Virginia would probably join the Colorado and Pennsylvania off Key West about noon today.

The feat of communication from Washington to a vessel in the Gulf of Mexico about 1,100 miles distant and mostly overland, is regarded as remarkable.

The latest news from the West Virginia comes in the following telegram just received at the Navy Department from the commandant of the naval station at Key West:

"Admiral Brownson acknowledges receipt of your telegram about coal from colliers at Lynn Haven Bay. Weather smooth."

This morning the Navy Department telegraphed Admiral Brownson that arrangements would be made to coal the West Virginia from colliers in Lynn Haven Bay as soon as he arrives there Monday in order that he may go at one to Annapolis to participate in the welcome of the Prince Louis squadron.

The Washington Navy Yard to-night was in touch with the West Virginia by wireless telegraph. Operator P. S. Geagan, first-class electrician, who is in charge of the plant here, received the following message:

"West Virginia in good communication with Jupiter Inlet. Savannah and St. Augustine, have heard no messages, but West Virginia requests Savannah to listen closely for them as they may have message any time. West Virginia also requests weather report from Savannah."

Arrived at Key West.

Key West, Fla., Oct. 28.—The cruiser West Virginia with President Roosevelt aboard arrived off Key West at 1 o'clock to-day and was immediately joined by the cruisers Colorado and Pennsylvania. The squadron at once sailed for Hampton Roads.

Message via Savannah.

Cruiser West Virginia at Sea via Savannah, Ga., Oct. 28.—The weather is perfect, a moderate breeze blowing from the northeast and the sea smooth. The President is quartered in the Admiral's cabin and is enjoying the trip immensely. The ship is keeping up a uniform speed of 18 knots and everything is running smoothly. This is the first time in the history of the Navy when a squadron cruised in company at a speed of 18 knots and over. At 1:45 P. M. to-day we picked up the Pennsylvania and Colorado off Key West and are now cruising in squadron. As we passed the two ships each manned the rail and saluted the President's flag. It is the customary honor and the President returned the salute from the admiral's bridge. To-night the President will dine with ward room officers and according to the Navy custom while on sea on Saturday night, will join in the toast "Sweethearts and Wives."

May Meet the President.

Washington, Oct. 28.—Accompanied by several of her children Mrs. Roosevelt left Washington to-day on board the Sylph, Lieutenant F. T. Evans commanding, on a cruise down the Potomac. If the weather is good she may continue here cruise as far as Hampton Roads to await the President's arrival there on Monday. It is believed at the White House, however, that she will return to Washington to-morrow or next day.

HORRIBLE TRAGEDY IN KING AND QUEEN

Former South Carolinian Murders Neighbor, Exterminates His Own Family and Commits Suicide.

By Wire to The Morning Star

Richmond, Va., Oct. 28.—A Gloucester, C. H., Virginia, special says: When R. E. Gresset came out of his house in King and Queen county this morning about sunrise he was shot with a rifle by W. D. Coker, who had been concealed under the high steps. When Gresset fell he begged Coker not to shoot again and Mrs. Gresset also ran out and begged him not to shoot again. Coker came up close to Gresset and firel again, killing him instantly.

Coker then sent word to J. W. Marston and Harry Dudley to come to his home, Greenwood, with officer, as he had shot Gresset. Just as the officers drove up to Coker's house they heard a gun go off and they found Coker dead. He had already killed his wife and two little girls, one 6 and the other 9 years old, and had laid them out.

Coker came from South Carolina about eight years ago. Gresset was born and reared in King and Queen. Mrs. Coker was a Miss Roy, of King and Queen. The two men lived about two miles apart. No one knows of any ill-feelings between the men prior to the tragedy.

COTTON CONSPIRATORS FREE.

No Federal Statute to Hold Peckham and Haas.

By Wire to the Morning Star.

Washington, Oct. 28.—United States Commissioner Ridgeway today discharged from custody Frederick Peckham and Moses Haas who were charged with having conspired with Edwin S. Holmes, Jr., to defraud the government by securing advance information of the government's cotton report. Commissioner Ridgeway held that neither the men had committed a crime within the meaning of the statutes.

It was in the defense of Peckham and Haas that a lawyer quoted a portion of President Roosevelt's letter of acceptance in which the President had declared that there was no common law of the United States that could give jurisdiction of an offense in a Federal court.

The indictment against Holmes charged him with misconduct which the defense declared was not an offense known to the Federal statutes. In his opinion Commissioner Ridgeway quotes at length from the indictment found against the accused men, and reviews the duties of Statistician Holmes in connection with the cotton crop report and the further fact that the indictment charges Holmes with "official misconduct." The latter, he states, is an offense at common law in the District of Columbia, and in no way mentioned as an offense in the Federal statutes. He holds further that it would be impossible for the accused men to conspire with Holmes to commit a crime not recognized by Federal law.

DRAGGED WIFE INTO CRIME.

Cunliffe Gave Her $5,000 and She Hid The Money.

By Wire to The Morning Star

Pittsburg, October 28.—The persistent report that Mrs. Cunliffe, the wife of Edward G. Cunliffe, the Adams Express robber, had in her possession $5,000 of the $101,000 stolen by her husband on October 9, was confirmed today when Superintendent H. J. Biderman of the Pinkerton detective agency, went ot the Cunliffe resident No. 314 Lorenz street, west end, this city, and in the lining of a baby carriage found a package containing $5,000. On the night Cunliffe was brought here from Bridgeport, Conn., where he was captured, he made a written confession to the authorities that he had given his wife $5,000. Mrs. Cunliffe who in the meantime had moved to her father's home at Hartford, Conn., denied that she had the money notwithstanding that she was shown the written confession made by her husband. She was repeatedly questioned, however, and today admitted to the detectives at Hartford, Conn., where the money could be found. The authorities say there now remains about $6,000 which has not been accounted for.

BATTLE IN THE PHILIPPINES.

United States Troops Killed Datto Ali and Eleven Followers.

By Cable to The Morning Star.

Manila, October 28.—Troops under Captain Frank R. McCoy, of the Third Cavalry, aide de camp to Major General Wood, has surprised the Datto Ali, head of the Moro insurgents of the Island of Mindanano who has been on the war path for some time past, and killed him together with his son and ten followers. Forty-three wounded Mores were taken prisoners and many arms and a large quantity of ammunition was captured. Three enlisted men of the 22nd Infantry were killed and two wounded during the engagement.

Heavy fighting is also reported between the constabulary and Moro insurgents near Lake Lingussen, Mindanano.

MRS. DUKE FIGHTS DIVORCE.

Wife of Tobacco King Asserts Her Innocense.

By Wire to The Morning Star.

Trenton, N. J., Oct. 28.—Vice Chancellor Emery has made an order requiring James B. Duke, of the American Tobacco Company, to show cause in Newark on October 31 why his petion for divorce from his wife Lillian M. Duke should not be dismissed. Mrs. Duke alleges that her husband is not a resident of New Jersey and therefore the court of chancery has not jurisdiction in the case. Mrs. Duke claims that her husband lives in a suite of rooms over a large stable which he maintains in Sixty-Eighth stret, New York, and that his large estate at Somerville, N. J., is "fictitiously called his home." In her petition Mrs. Duke makes formal denial of the truth of charges made by her husband that she was unfaithful to her martial vows.

ANARCHY REIGNS IN ALL RUSSIA

Revolutionists Have Government By Throat and Only Witte is Czar's Hope

THE CAPITAL IS ARMED CAMP

Ninty Thousand Troops Stand Guard in St. Petersburg—Revolutionists at Moscow Have Set Up Provincial Government.

By Cable to The Morning Star.

St. Petersburg, Oct. 29.—Day after day passes without the promulgation of Russia's new governmental organ, a responsible ministerial cabinet, to bring order out of the present administrative chaos. Count Witte, to whom all factions look to assume the premiership, has spent almost the entire time of the past two days at Peterhoff wrestling with the Emperor, insisting upon conditions in connection with his appointment which His Majesty was unwilling to grant. Upon his return to St. Petersburg to-night Count Witte announced that the cabinet project which has been lying signed for three days on the Emperor's table would not be promulgated to-morrow, intimating thereby that his programme, which is known to include a species of constitution involving the granting of "four liberties—freedom of speech, freedom of assembly, freedom of the press and freedom of the person," has not been accepted.

It is felt here that the delay cannot be protracted and that it is only a question of hours when the Emperor confides the fortunes of the dynasty and government to Count Witte's hands. Meanwhile the situation is passing from bad to worse with matters at the summit in a state of unstable equilibrium. The chiefs of state are at a loss how to act and the revolutionists, encouraged by the inactivity of the government, are growing bolder and more insistent in the demands made in their speeches.

It is true, there has been no disorder in St. Petersburg, and that General Trepoff, Russia's other strong man, has taken every measure to put down an uprising in its incipiency but he has not felt sure enough of his position to act bodly with regard to the revolutionary meetings at the university and has contented himself with issuing warnings, which, not having been enforced, are taken by the agitators as evidence of lack of backbone. As before Friday's giant meeting of the university, it was again announced to-day that further meetings there would be permitted, but the college portals were again open to-night and the hospitality of the university was extended to a group of lawyers and other professional men, one of whose orators referring to the old Russian folk legend, that the world is supported on the backs of three whales, said that the autocracy rested on three cetacea—money, the army and the loyalty of the people, but that Russia is now bankrupt and the moral sympathy of the people alienated, and that the army alone remains true and this he predicted would not be for long. Another speaker openly preached terrorism, and advocated "making an example" of a number of high personages.

Count Witte's ally in the stupendous task he is about to undertake will be General Trepoff, who, though all his life has been spent as an instrument for repression and though he twice has escaped attempts to execute the terrorists sentence of death, has come to realize that the old order of things is changing and giving place to a new and now is a genuine convert to the policy of giving the people a share in the government. Should Witte and Trepoff now fail the best opinion is that nothing will save the present government from complete ruin. Many shrewd observers believe that Witte comes too late.

The situation at Moscow parallels that in St. Petersburg. The same paralysis has seized Russia's second city. the strike is general, the people are defying all prohibitions, and are swarming to the universities and other meeting places. A provisional government has already been organized, and is awaiting to exercise its powers. The university is barricaded against the troops. The populations of other towns are growing more violent and reports of disorders are arriving in increasing numbers, but the attempts of the strike leaders to hold the people in hand thus far have been generally successful. Troops are in full possession at many places in the interior and the inhabitants are panic stricken.

There is no relaxation to the railroad strike which has spread even to Central Asia, where the trans-Caspian, Orenburg and Tashkent lines are tied up.

Revolutionary Government Set Up.

Moscow, October 28.—1:32 A. M.—At a meeting of delegates representing the different political parties, it has been decided to unite in the establishment of a government and to act independently of the imperial authorities. The city was in darkness last night. Today the shops, theatres and schools are closed and the streets are denied save for the troops and streams of workmen. Several meetings of strikers were dispersed by Cossacks. The banks, treasury, postoffice and the governor-general's offices are surrounded by troops. The board of trade has petitioned against the state of siege. Prices are very high. Water is 20 cents a pail.

The utmost alarm prevails owing to the rumor that the workmen are marching on the town from the factory districts. The electric light works have shut down. The last government spirit shop is closed. Eight banks have closed and the bourse remains closed. The town council has decided to sit permanently.

Ninety Thousand Troops Stand Guard

St. Petersburg, October 28.)—A condition bordering upon panic prevails here today. Business is completely suspended. Soldiers are everywhere in the streets and bloodshed on a large scale is feared. The government is trying to appease the inflamed populace but the revolutionaries seem determined to force an armed conflict.

Telegraphic communication with Moscow is now interrupted. The cable service is still operating although the postoffice is closed and the only papers to appear this morning were the Official Messenger and the army organs which printed directions for the military. The former contained a letter from General Trepoff, who is in command of the St. Petersburg garrison, and addressed to the provincial governors instructing them to allow public meetings for the discussion of political quetsions and to interpret the law liberally, under Count Witte's direction. The government realizes that re-pression by arms in the tremendously excited state of the country would be fatal and meetings are allowed as safety valves. Further meetings at the university here have been prohibited but three buildings have been set aside for meetings in St. Petersburg and General Trepoff has instructed the governors to select buildings in all the cities.

Much alarm is shown at some of the embassies for the safety of foreign subjects and the situation is being gravely discussed. Beyond preliminary arrangements for the dispatch of embassy mails on boats, no steps, however, have yet been taken.

Telegraphic communication with the interior is open but the dispatches received are meagre. Communication with some places is entirely interrupted. From all over the empire the story is the same—work stopped, no newspappers printed, schools closed and the business life of the people suspended. The cry of the masses is always the same—political liberty. The military everywhere are in possession, the inhabitants are terror-stricken, many cities are in darkness and at Reval a mob began work last night. The rioters sacked the shops and this morning the city is on fire. The theatre and spirit shops are burning. Kharkeff is under martial law. The most startling news, however, comes from Moscow where all the political parties have joined in a resolution to set up a provincial government. Details are lacking and the exact progress of this attempt at formal insurrection is not known.

YELLOW FEVER SITUATION.

New Orleans Reports Four New Cases —Pensacola One.

By Wire to The Morning Star.

New Orleans, Oct. 28.—The following is the official summary of the yellow fever record at New Orleans up to 6 P. M. today:

New cases today, 4; total cases to date, 3,387.

Deaths to-day, none; total deaths to date, 443.

New focus, one.

Under treatment, 31.

Discharged, 2,913.

There was nothing new in the fever situation locally. The reduction in the number of cases under treatment continues at a gratifying rate. There is widespread satisfaction at the announcement that Dr. White will be permanently detailed to duty in this city.

At 11 o'clock tomorrow Rev. Dr. Beverly Warner, who was general superintendent of the campaign of education and the ward inspections, will conduct a special Thanksgiving service at Trinity church which will be attended by all of the marine hospital officers in full dress uniform.

Chairman Janvier, of the finance committee, tonight announced that there was a cash balance on hand of $44,710. The expenses under Dr. White's approval up to date have been $215,474 for pay rolls, supplies and the two emergency hospitals. There will be expenditures of about $10,000 more before the accounts are finally closed.

The largest birth list in the history of the city was recorded today at the board of health when 36 certificates were issued. Of these nineteen were for boy babies.

Pensacola, Fla., Oct. 28.—The fever situation tonight is more encouraging than at any time during the past two months, or since its outbreak here, only new case being reported. This is the result of the fumigation which was actively commenced two weeks ago, but which threatened to be terminated shortly as the State health officer is meeting with opposition in his work. The courts have been appealed to by some citizens to prevent the fumigation.

The summary:

New cases today, one; total cases to date, 527.

Deaths today, 3; total deaths to date, 76.

Discharged, 331.

Under treatment, 89.

H. Crumpler, of Tampa, Fla., was robbed of a draft for $6,000 and $200 cash at the Seventh Street station, Louisville, Ky., yesterday afternoon. Crumpler had just disposed of a furniture business in Tampa and was on the way to Bedford, Ind.

NEW LEASE ON LIFE FOR MEN IN DISPAIR

Grateful Beneficiary of Keeley Tells His Experience—Whiskey Habit Knocked Out.

The Keley Institute, Greensboro, N. C.:

I took treatment at your Institute for the whiskey habit about March, 1893, and in consequence wish to say I attribute my present health and happiness to your treatment and the blessed influences instilled there. I was a confirmed drunkard for eight years prior to taking treatment at your Institute, and now am known to be a sober man. I remained on treatment four weeks, and can honestly say I never enjoyed my stay anywhere as much; we boys all realized that we were there for a common cause, and all our hopes, pleasures, and pains were inseperably blended together, and I loved them. I felt that they were men striving for the mastery, as I was, and that appeals to each others sympathy, one for the other. I am a firm believer in your treatment, knowing what it did for me, an influence which I can not explain, but to my dying day will believe in its efficiency, and will be loud in its praise.
